EMPLOYEE USER MANUAL

Learn how to use the portal every day, step by step.

Who this is for: Employees only

Who this is for: Employees only

Purpose: Learn how to use the portal every day, step by step

1. What You Can Do in This Portal

This is your company work portal. As an employee, you can:

Menu	What you use it for
Dashboard	See your day overview in one place
Attendance	View attendance (biometric in office; manual Clock In/Out only for Work From Home)
Daily Work Report	Submit what you did today
Leaves	Apply leave and check leave balance
Holiday Calendar	See company holidays
Chat	Message teammates
Notes	Save and share personal notes

*You do **not** need admin or HR menus. Everything you need is in the **Main Menu**.*

2. How to Log In

Steps

1. Open the CRM website in your browser.
2. Enter the **email** and **password** given by HR.
3. Click **Login**.
4. You will land on the **Employee Dashboard**.

Tips

- Do not share your password with anyone.
 - If you forget your password, contact **HR**.
 - Always log out if you use a shared computer.
-

3. Your Daily Workflow (Most Important)

Attendance works in **two ways**, based on where you work that day.

A. Working from Office (Normal day)

Use the **biometric machine** (fingerprint).

You do **not** need to manually Clock In / Clock Out on the portal.

Morning → Biometric punch = automatic Clock In → Log in to CRM (for work apps)

During the day → Do your work → Use Chat / Notes if needed

Before leaving → Submit Daily Work Report on CRM → Biometric punch = automatic Clock Out → Optionally check Dashboard that attendance looks correct

B. Working from Home (WFH)

There is no biometric machine at home.

Use **manual Clock In / Clock Out** on the CRM portal.

Morning → Login to CRM → Open Dashboard → Click Clock In (manual)

During the day → Do your work → Use Chat / Notes if needed

Before leaving → Submit Daily Work Report → Click Clock Out (manual) → Confirm both are done

What is mandatory every working day?

1. **Attendance** — Biometric (office) **or** Manual Clock In/Out (home)
 2. **Submit Daily Work Report**
-

4. Employee Dashboard

Path: Dashboard → Employee Dashboard

This is your home page. Here you can see:

- Today's attendance and working time
- Biometric / portal attendance summary
- Clock In / Clock Out buttons (**use mainly for Work From Home**)
- Leave summary (remaining, pending)
- Recent Daily Work Report status
- Next holiday
- Team members
- Upcoming birthdays
- Employee Handbook link

Good habit

- **Office:** Punch biometric, then open Dashboard to check your attendance and submit DWR.
- **Home:** Open Dashboard first, Clock In manually, and Clock Out before you finish.

5. Attendance — Biometric & Manual Clock In / Out

Path: Attendance → My Attendance

(Manual Clock In / Out is also available on the Dashboard.)

Important rule (remember this)

Work location	How attendance is marked
Office	Use biometric machine (fingerprint). No manual Clock In / Out needed.
Home (WFH)	Use manual Clock In / Clock Out on CRM.

A. Office attendance (Biometric)

1. On arrival, punch on the office **biometric machine**.
→ This becomes your **Clock In**.
2. Do your regular work.
3. Before leaving, submit your **Daily Work Report** on CRM.
4. On exit, punch on the biometric machine again.
→ This becomes your **Clock Out**.
5. Open Dashboard / My Attendance once and confirm your times look correct.

Notes for office days

- You do **not** need to click Clock In / Clock Out on CRM.
 - First punch of the day = Clock In.
 - Last punch of the day = Clock Out.
 - Biometric data syncs to the portal automatically (you may see a Biometric label).
 - If your punch did not sync, inform **HR** the same day.
-

B. Home attendance (Manual — WFH only)

Use this **only when you are working from home**.

Morning Clock In

1. Log in to CRM.
2. Go to **Dashboard** (or Attendance).
3. Click **Clock In**.
4. Wait for the success message.
5. Your timer will start.

Evening Clock Out

1. Finish your Daily Work Report first (recommended).
 2. Click **Clock Out**.
 3. Confirm your day is recorded.
-

C. View your attendance history

1. Go to **Attendance** → **My Attendance**.
2. Check:
3. Present / Late / Half Day / Early Leave
4. Working hours
5. Biometric times (if synced)
6. Weekly and monthly summary

Attendance meaning (easy)

Status	Meaning
Present	On time and completed full day
Late	Came after grace time
Half Day	Left too early (before half-day cutoff)
Early Leave	Left before full office end time
Absent	No attendance on a working day
Week Off	Saturday / Sunday

Basic punch rules

- Mark attendance only **once** per day (biometric or manual, based on location).
- You cannot Clock Out without Clock In.
- **Office:** Prefer biometric. Do not manually Clock In/Out unless HR asks.
- **Home:** Manual Clock In and Clock Out are required.
- Always check once that today's attendance appears correctly on Dashboard.

6. Daily Work Report (DWR)

Path: Daily Work Report

Status: Compulsory for employees on working days

Why it matters

Your manager / TL / HR reviews what you did each day. Missing DWR looks incomplete.

How to submit (easy steps)

1. Open **Daily Work Report**.
2. Click **Submit** (or open the submit form).
3. Fill these fields:

Field	What to write
Project Name	Project you worked on
Report Date	Usually today's date
Work Description	What you did today (clear and short)
Reporting Manager	Your manager (often already filled)
Blockers	Any problem that stopped your work (or write "None")
Attachment	Optional file (screenshots, PDF, doc, zip)

1. Click **Submit**.
2. Check that the report shows as submitted.

Attachment rules

- Allowed: images, PDF, Word (.docx), ZIP
- Max size: **5 MB**

After submit

Status	Meaning
Pending	Waiting for review
Reviewed	Manager / TL / HR has checked it

Tips for good DWR

- Write in clear points (1, 2, 3...)
 - Mention completed tasks and ongoing tasks
 - Mention blockers honestly
 - Submit **same day**, not next day
-

7. Leaves

Path: Leaves → My Leaves

What you can see

- Allocated leaves
- Used leaves
- Remaining leaves
- Extra leaves (if any)
- All leave requests and their status

How to apply leave

1. Go to **Leaves → My Leaves**.
2. Click **Apply Leave**.
3. Select:
4. **From Date**
5. **To Date**
6. **Duration:** Full Day / Half Day (First Half or Second Half)
7. **Reason** (required)
8. Check how many days will be deducted.
9. Submit.
10. Wait for approval.

Leave statuses

Status	Meaning
Pending	Waiting for approval
Approved	Leave accepted
Rejected	Leave not accepted
Cancelled	You cancelled before approval
Completed	Approved leave date is over

Important leave rules

- Apply leave **before** taking leave (as early as possible).
- You usually cannot apply a new leave while another is still **Pending**.
- Overlapping leave dates are not allowed.
- Weekends and company holidays are generally **not counted** as leave days.
- You can cancel a leave only when it is still **Pending**.

Before applying leave

1. Check your **remaining leave balance**.
 2. Check **Holiday Calendar**.
 3. Inform your manager if needed.
 4. Then apply on the portal.
-

8. Holiday Calendar

Path: Holiday Calendar

How to use

1. Open **Holiday Calendar**.
2. View holidays month by month.

3. Click a holiday to see details.
4. Use year/month navigation to plan ahead.

Holiday types you may see

Type	Meaning
Company	Official company holiday
Festival	Festival holiday
Optional	Optional holiday (follow company policy)

Tip

Always check this calendar before applying long leave.

9. Chat

Path: Chat

What you can do

- Message teammates
- Open a direct chat (DM)
- Share files/attachments (as per portal limits)
- Send birthday wishes from Dashboard (opens chat)

Simple chat workflow

1. Open **Chat**.
2. Select a person / conversation.
3. Type your message.
4. Send.
5. Attach a file only if needed.

Tips

- Keep messages clear and professional.
 - Use chat for work coordination.
 - Do not share passwords or private company data casually.
-

10. Notes

Path: Notes

What you can do

- Create personal notes
- Organize notes in folders
- Add tags
- Pin / favorite important notes
- Archive or move to trash
- Share a note with a colleague
- Attach files to a note

Simple notes workflow

1. Open **Notes**.
2. Click **Add Note**.
3. Write title and content.
4. Choose folder/tags if needed.
5. Save.
6. Share only if required.

Tip

Use Notes for: - Daily task reminders - Meeting points - Personal work checklist

11. Important Rules

Please follow these every day:

1. **Office:** Use biometric punch for Clock In and Clock Out. No manual click needed.
 2. **Home (WFH):** Use manual Clock In and Clock Out on CRM.
 3. Submit **Daily Work Report** every working day.
 4. Apply **leave on the portal** before taking leave.
 5. Check **Holiday Calendar** before long leave plans.
 6. Keep your login details private.
 7. If attendance did not sync or looks wrong, contact **HR** the same day.
-

12. Common Problems & Fixes
